

UNITED STATES NAVY

MEDICAL NEWS LETTER

Rear Admiral Edward C. Kenney MC USN
Surgeon General

Rear Admiral A. S. Chrisman MC USN
Deputy Surgeon General

Captain Donald R. Childs MC USN - Editor

INDEX

Volume 37, Numbers 1 - 12
6 January through 23 June 1961

- ABRASION, neoprene ducts resistant to 3:40
 Acetylsalicylic acid, dosage of 2:27
 Actinomycetic infection, by Nocardia, changing spectrum of 11:13
 ADA specifications, for dental materials, change in standard temperatures 8:29
 Adenoids, problems of 3:10
 Advanced training (dental), officers selected for 7:25
 Aerospace Med Assn.
 annual meeting, April 1961 7:29
 awards and officers 11:20
 Africa, Surgeon General's report on trip to 3:18
 Aging, sunlight as factor of 11:39
 Alcohol, d-pantothenyl, postoperative use of 12:4
 Alcoholism, psychiatric progress in study of (1960) 5:6
 Alcohols, toxicology of some 3:34
 Amalgam, cervical, failure of restorations with 7:22
 American Board Certifications
 active duty 1:20, 2:20, 8:21, 12:21
 Inactive Reserve 8:34
 Dental 11:26
 American Board of Obst & Gynec
 Part I - 1962 examinations (new and reopened) 11:21
 Part II - exams 5:21
 American Pharmaceutical Assn, annual meeting,
 April 1961 7:29
 Anesthetic, oral surface 9:22
 Angina pectoris, diagnosis of 1:3
 Anniversary, Nurse Corps, message from surgeon general 10:20
 Anomalies, congenital, resulting from rubella during pregnancy 6:5
 Antarctic, cold country "doc", LT A. M. Pardue 11:17
 Antibiotics
 chloramphenicol, effect of on erythropoiesis 10:14
 precautions in use of 4:21
 Armed Forces Radiobiology Research Institute,
 board of governors nominated 10:17
 Arterial compression, intermittent, vertebral,
 syndrome of 11:10
 Arteriosclerotic heart disease, influence on surgical risk 12:7
 Artery
 vertebral, intermittent compression of 11:10
 wall, role in atherogenesis 5:14
 Arthropods, carriers of viruses 5:40
 Artificial respiration, newer methods in 12:35
 Asbestosis, diagnosis of, by x-ray 11:40
 Ascites, current management of 10:6
 Aspiration (dental), before injection 3:27
 Aspirin, dosage of 2:27
 Asthma
 bronchial, fatal 4:14
 nitrites in treatment of 10:11
 Atabrine (Quinacrine), in neoplastic effusions 8:16
 Atherogenesis, arterial wall in 5:14
 Athletics, and the child 7:10
 Aviation, occupational health hazards of 8:38
 Aviation sunglasses 12:35

 BACK, straight, producing heart disease 12:14
 Bacteriologic factors, in hospital sanitation 10:31
 Barbiturates, poisoning from, Scandinavian method of treatment 12:9
 Bathing, early postoperative 2:17
 Bats, and rabies 5:39
 Beach, E. L., CAPT USN, lecturer at dental school 10:25
 Blocking agent, parasympathetic, use of in diarrhea of children 4:17
 Blood, polycythemia vera 1:7
 Blood pressure, effect of experimental hemorrhage on 7:14
 Blood pressure, high, cause of juxtaglomerular cells related to 6:15
 Blood vessels, compression of at shoulder girdle 6:13
 Breast, carcinoma of, prognosis in 10:9
 Bronchial asthma, nitrites in treatment of 10:11
 Bronk, Detlev, address at Mil Surg Conv 7:5
 Brucellosis, surveillance—1960 10:40
 Bruxism, and chronic headache 11:23
 Buerger's disease, fact or fancy 9:11
 Burke, Arleigh ADM USN, reelected president of Navy Mutual Aid Assn 7:17
 Burns
 therapy of, use of ice water in 1:32
 from yutamos 10:39
 Bursae, granulomatous inflammation of 11:32
 CADMIUM OXIDE, poisoning from fumes 9:39
 Cancer
 effusions from, use of quinacrine in 8:16
 oral, diagnosis of for general practitioner 9:23
 of skin, sunlight as a factor in 11:39
 Cancer patient, should he be told? 11:14
 Cancer quackery 4:9
 Carbon tetrachloride, toxicology of 6:32
 Carcinoma
 of breast, prognosis in 10:9
 of the gallbladder, primary 9:14
 of oral cavity, diagnosis for the general practitioner 9:23
 Cardiac resuscitation
 closed chest 12:3
 newer methods in 12:35
 Career placement program, post-military 2:20
 Cart, resuscitator, portable, improvised 12:28
 Cat scratch disease, isolation of virus from 2:40
 Cement, irritant nature of 6:31
 Central nervous system, mumps virus and the 7:7
 Cerebrospinal fluid, proteins of 8:5
 Cervical amalgam restoration (dental), and its failure 7:22
 Ceylon, malaria control and population pressure in 5:36
 Chagas' disease 5:34
 Chest films (70 mm) on file, procurement of 2:38
 Chief of Naval Operations, appreciates Med. Dept. performance 3:22
 Children
 diarrhea in, new treatment for 4:17
 injuries of, from athletics 7:10
 Chloramphenicol
 effect of on erythropoiesis 10:14
 precautions advised in use of 4:21
 Chloromycetin, see chloramphenicol
 Cholera, mild, study of in Thailand 5:13
 Chrisman, Allan S. RADM MC USN, selected Deputy Surgeon General 6:18
 Chrome, sensitivity to, factor in cement and oil dermatitis 11:39
 Circulation, collateral, stimulus to 5:9
 Civilian institutions, training in 12:18

NOTE: Figures indicate the number of issue and page in Volume 37 of the News Letter. For example, ABRASION, neoprene ducts resistant to, 3:40 indicates that this item may be found in Vol. 37, No. 3, Page 40.

- Clostridia, associated with diarrheal disease 5:37
 Cold Country "Doc" 11:17
 Colitis
 ulcerative, biologic and psychologic features of 9:7
 chronic arrested 4:16
 Comprehensive medicine 3:3
 Compression, arterial, intermittent vertebral,
 syndrome of 11:10
 Congenital heart disease, role of maternal rubella in
 etiology of 10:15
 Congo, disease in, dangers of outbreaks of 7:40
 Conrad Award, received by Howard T. Karsner MD 9:16
 Contract (dental), for tooth facings and backings 3:30
 Contracts (dental), open-end, tooth 5:29
 Coronary heart disease, angina pectoris in 1:3
 Corticosteroids, topical, for relief of pain (dental) 11:24
 Cracks, in resin material (dental), causes of 10:24
 Cricothyroidotomy, slide lecture for loan (dental) 11:25
- DEATH, in bronchial asthma, causes of 4:14
 Decubitus ulcers, etiology of 11:7
 Dental caries
 and periodontal disease 8:28
 and soil constituents in New Zealand 12:25
 Dental Department, economy of operations of 4:37
 Dental Dept Log 5:26
 Dental impressions, rubber base, stability of 1:26
 Dental items, newly standardized 3:29, 5:29, 9:26
 Dental materials, restorative, adaptation of 2:25
 Dental metals, scrap, disposal of 6:27
 Dental office
 fear at 6:25
 resuscitation in 8:27
 Dental Officers, malpractice suits against 6:24
 Dental operating units, requisitions for 9:24
 Dental practice, quadrant dentistry 4:36
 Dental records, disposal of 7:23
 Dental Research in USSR 10:25
 Dental standards
 for Naval Academy Preparatory School 5:28
 for women and Prep School 9:25
 Dental X-Ray Apparatus - 90 PKV, adoption of as
 standard item 9:25
- Dentin
 hardness of 3:27
 sensitivity and pain of topical corticosteroids in
 treatment of 11:24
 Dentistry, quadrant 4:36
 Dentists, occupational dermatitis in 6:26
 Dermatitis
 due to cement 6:31
 due to cement and oil, role of chrome sensitivity in 11:39
 occupational, in dentists 6:26
 Diabetes mellitus, relation to employability 6:36
 Diabetic is employable 6:36
 Diarrhea, in children, new treatment for 4:17
 Diarrheal disease, associated with clostridia 5:37
 Digitalis, effect of on non-failing heart 8:14
 Digitalization, intestinal complication of 10:12
 Dihydroxyacetone, for skin tanning 8:3
 Dilatation, of stomach, acute 10:4
 1,1-Dimethylhydrazine, toxicity of 1:39
 Dinner ware, cerama stone, potential lead poisoning
 hazard from 5:38
- Directives
 BuMed Instructions
 6224.1A, Tuberculosis control program 10:20
 6230.11A, Malaria; control and prevention of 9:18
- BuMed Instructions (continued)
 6270.3 (chg. trans.), Threshold limits, for toxic
 materials 1:21
 6270.4A, Advisory center on toxicology 5:19
 6320.30, Regional hospitals 1:19
 6322.1A, Arthritis, birth defects and poliomyelitis
 victims; patient aid 8:20
 6440.1A, Mobile surgical teams 5:18
 6630.2B, Artificial teeth, facings and backings; local
 procurement of 5:28
 6710.43A, Parenteral solutions; cautions regarding 6:21
 6710.46, Caution concerning use of chloramphenicol 6:21
 6810.4A, Ophthalmic services and related procedures 2:19
- BuMed Notices
 1500, Requests for part-time outservice training 8:20
 6100, Reports of medical boards; preparation of 2:20
 6120, Physical examinations; conducting and reporting
 results of 6:22
 6710, Globulin, immune, serum USP (Human), 10cc 12:20
 6710, Adenovirus vaccine bivalent, 30cc; use of 8:21
 6820, Handbook of the Hospital Corps, U.S. Navy (1960),
 chapter II, Anatomy & Physiology 5:20
- BuPers Instruction
 1133.13, Star Program, (Selective Training and
 Retention) 8:30
- Disease, in Congo, danger of outbreaks 7:40
 Diseases, quarantinable (WHO) 2:37
 Doctor vs physician 1:27
 Drainage, wound, new tube for 3:15
 Driving, safety practices in 8:19
 Drug explosion (Editorial) 6:3
 Drug resistance, of streptococci, to tetracycline 5:40
 Drugs on the Market 11:3
 Dry sockets (Dental), study of 5:25
 Duodenum
 ulcer of, genetic factors in etiology 9:5
 perforation of 9:13
- ECOLOGIC factors, in warships 9:38
 Economy, of operations (dental) 4:37
 Edentulous rate, 1957 - '59 1:28
 Effusions, neoplastic, use of quinacrine in 8:16
 Electrocardiogram, in ventricular hypertrophy 2:9
 Employability, of diabetic 6:36
 Enamel and dentine, hardness of 3:27
 English, use of by the physician 1:17
 Entomology, survival technics of, in jungle 7:32
 Enzymes, in myocardial infarction 6:9
 Epistaxis, surgical treatment of 3:12
 Erythropoiesis, effect of chloramphenicol on 10:14
 Etiology of decubitus ulcers 11:7
 Examination, physical, for submarine duty 7:30
 Exhaust ducts, of neoprene resistant to abrasion 3:40
 Explosives, low energy, hazards of 6:39
 Extinguishing agent - Purple K, for fires 1:35
 Eye, minor signs in migraine 11:5
 Eyes, injuries to, due to power lawn mowers 9:40
- FALLS, high cost of 9:38
 Fear, at the dental office 6:25
 Field test, for air-borne lead 6:40
 Fire extinguishers, Purple K, new agent for 1:35
 Fire hazard, of chlorinated plastic paint 11:38
 Firing range, lead poisoning associated with 1:36
 Flammable liquid, storage of 7:23
 FMF activities, material change for 10:20
 Fuel, propellant, hazards of handling 3:39
 Fumes, of cadmium oxide, poisoning by 9:39

- Fumes, plastic cement, dangers of 1:34
- GALLBLADDER, primary carcinoma of 9:14
- Garage, ventilation of 9:40
- Gasoline sniffing, dangers of 1:35
- Gastric dilatation, acute 10:4
- Gastric secretion, effects of stress on 1:6
- Gastroenteritis, due to shigella, water-borne epidemic of 2:39
- Gastrointestinal bleeding, upper, and roentgenography 5:11
- Gastrointestinal tract, mast cells and the 5:7
- Genetics, factors of in etiology of duodenal ulcer 9:5
- Guantanamo Naval Base, gives medical aid to Cuba 7:18
- HANDPIECES (dental), repair contract for 7:25
- Hazardous soils, removal of 9:36
- Hazards
 of handling high energy propellant fuel 3:39
 of recent welding practices 3:38
- Head injuries, sequelae of 5:4
- Headache
 chronic, due to bruxism 11:23
 migraine type, minor eye signs in 11:5
- Health hazards, occupational (aviation) 8:38
- Heart
 infarction of, enzymes in 6:9
 hypertrophy of, ECG findings in 2:9
 non-failing, effects of digitalis on 8:14
 resuscitation, closed chest 12:3
- Heart disease
 arteriosclerotic, influence on surgical risk 12:7
 congenital, role of maternal rubella in etiology of 10:15
- Heat stress, occupational, control measures for 11:37
- Heat Stroke, physiologic changes in 9:3
- Hemorrhage
 experimental 7:14
 intestinal, associated with digitalization 10:12
 nasal, surgical treatment of 3:12
 treatment of, use of hemostatic agents in 7:12
 upper gastrointestinal, and roentgenography 5:11
- Hemostatic agents, reevaluation of 7:12
- Hepatitis
 increase of in U.S. 1:20
 PHS report (1952 - 1961) on 7:19
 viral, complications of 11:15
- Hernia, hiatal, late results of repair of 8:8
- Histoplasmosis, in construction crew 10:37
- Hogan, B. W. RADM MC USN
 concludes term as Surgeon General 4:3
 farewell message of 5:3
 honored in retirement ceremony 6:20
 portrait unveiled 3:24
 report on trip to Africa 3:18
 resume of years as Surgeon General 4:5
- Hospital, waiting rooms in, improvement of 4:38
- Hospitals, sanitation in, bacteriologic factors in 10:31
- Hospitals (regional), U.S. Navy 1:19
- Hypertension (See Blood pressure, high)
- Hypertrophy, ventricular, ECG findings in 2:9
- Hysterical paralysis, diagnosis of 10:3
- ICE water, in therapy of burns 1:32
- Immunization, with live attenuated polio vaccine 6:17
- In Memoriam 1:18, 5:18, 9:16
- Industrial Health Conference, national meeting of 5:20
- Infarction, of myocardium, enzymes in 6:9
- Infection, in the operating room 7:15
- Infectious mononucleosis, riddle of 10:33
- Infectious and tropical diseases, monographs on 10:35
- Inflammation, granulomatous, of bursae 11:32
- Initial outfitting lists (dental) 1:28
- Injections, use of aspirating syringe in 3:27
- Injuries
 childhood, from athletics 7:10
 eye, due to power lawn mowers 9:40
 head, sequelae of 5:4
 neurologic, from trampolines 7:39
- Insects, protection from, in jungle 7:32
- Inspector General's Reports 10:17, 12:20
- Interns, Japanese, graduated from Yokosuka Naval Hospital 10:19
- Intestinal motility, inhibitor of in treatment of diarrhea in children 4:17
- Intestine, hemorrhage and necrosis of associated with digitalization 10:12
- Intoxication, from carbon tetrachloride 6:32
- Isoniazid, prophylactic use of, for nurses in TB Hospital 2:36
- Items (dental), newly standardized 3:29
- JET noise, suppression program 12:40
- Jungle, survival in, from entomologic standpoint 7:32
- Juxtaglomerular cells, hypertension and the 6:15
- KARSNER, Howard T. MD, receives Conrad Award 9:16
- Kenney, Edward C. RADM MC USN
 message from Surgeon General to Medical Department 7:3
 nominated for Surgeon General 3:21
- Kidney, disease of, expanding role of urologist in 1:9
- Kimbrough Urological Seminar at Fort Sam Houston 9:18
- LACQUERS and pigments, hazards from 1:36
- Lawn mowers, power, eye injuries due to 9:40
- Lead
 air-borne, field test for 6:40
 poisoning, on firing range 1:36
 potential hazards from dinnerware 5:38
- Liquid oxygen
 contamination, medical aspects of 8:35
 minor constituents in, use limits for 12:37
- Liver, diseases of, horizons in study of 4:12
- Logs, dental department 5:26
- Longevity, following retirement 11:18
- MALARIA, control and population pressure in Ceylon 5:36
- Malpractice suits, against Navy Dental Officers 6:24
- Mast cells, and the gastrointestinal tract 5:7
- Material change for FMF activities 10:20
- Measles (German), effects during pregnancy 6:5
- Medical aid, to Cuba 7:18
- Medical Department performance, memo of appreciation from CNO 3:22
- Medical Progress, military physician's role in, address by Detlev Bronk at Mil Surg Convention 7:5
- Medicine, comprehensive 3:3
- Mess trays, washing of 5:38
- Metals (dental), scrap, disposal of 6:27
- Methanol, toxicology of 1:37
- Migraine, minor eye signs in 11:5
- Military Physician's Role in Medical Progress, address by Detlev Bronk at Mil Surg Convention 7:5
- Mobile surgical teams 5:18
- Mononucleosis, infectious, riddle of 10:33
- Multiple sclerosis, pathogenesis of, role of vaccine and sera in 5:16
- Mumps, virus of, and the central nervous system 7:7
- Muscles, overuse of, urinary abnormalities from 7:13
- My Name and Face Are on That Pin 8:19

NOTE: Figures indicate the number of issue and page in Volume 37 of the News Letter. For example, ABRASION, neoprene ducts resistant to, 3:40 indicates that this item may be found in Vol. 37, No. 3, Page 40.

- NASAL polyps, formation of 8:4
 Naval Academy Preparatory School, dental standards for 5:28
 Naval Hospital, Great Lakes, Ill., dedication of 4:18
 Navy Mutual Aid Assn, election of officers and current status 7:17
 Necrosis, intestinal, associated with digitalization 10:12
 Needed: wisdom, experts, safety in radiology 8:17
 Neoprene, ducts of, resistant to abrasion 3:40
 Nerves, injuries to, from trampolines 7:39
 New Zealand, soil constituents of, relation to dental caries 12:25
 Nitrites, in treatment of bronchial asthma 10:11
 Nocardiosis, changing spectrum of 11:13
 Noise, jet, suppression program 12:40
 Non-neoplastic oral lesions, slide study set 7:24
 Nose, hemorrhage of, treatment of 3:12
 Nuclear science, course in 2:18
- OCCUPATIONAL health hazards, (aviation) 8:38
 Officer promotion policy (Reserve), revision of 1:30, 3:32
 Officers, Dental, selected for advanced training 7:25
 Operating room
 elimination of powder in 9:12
 infection of wound in the 7:15
 Operating units, dental, requisitions for 9:24
 Operation, of Dental Department, economy of 4:37
 Osteitis, localized (dry socket) 5:25
 Oxygen
 liquid, medical aspects of contamination 8:35
 use limits of minor constituents in 12:37
- PAIN, of dentin and pulp, topical corticosteroids in treatment of 11:24
 Paint, plastic, chlorinated, fire hazard of 11:38
 Paint industry, hazards of pigments and lacquers in 1:36
 d-pantothenyl alcohol, postoperative use of 12:4
 Paralysis, hysterical, diagnosis of 10:3
 Pardue, LT A. Michael, Cold country "doc" 11:17
 Pathology
 findings in bronchial asthma 4:14
 dental and oral, AFIP slide sets on 4:40
 oral, postgraduate course in (AFIP) 4:39
 Patient, with cancer, should he be told? 1:14
 Peptic ulcer
 physiology of 2:12
 treatment of 3:5
 Periodontal disease, and dental caries 8:28
 Pheochromocytoma 2:15
 Photofluorograms (70 mm), procurement of from files 2:38
 Physical examination, requirements (Res) 5:31
 Physician vs doctor 1:27
 Physiology, of peptic ulcer 2:12
 Pigments and lacquers, hazards from 1:36
 Plague
 decline of 2:32
 in 1960 10:38
 Placement program, post-military 2:20
 Plastic cement fumes, dangers of 1:34
 Plastic paint, chlorinated, fire hazard of 11:38
 Poisoning
 barbiturate, Scandinavian method of treatment 12:9
 cadmium oxide fumes 9:39
 from carbon tetrachloride 6:32
 lead, on firing range 1:36
 potential hazards of from dinnerware 5:38
 Polio vaccine, sent to Cuba 7:18
 Poliomyelitis, vaccination with live attenuated virus 6:17
 Polycythemia vera 1:7
- Polyps, nasal, formation of 8:4
 Portable resuscitator cart 12:28
 Portrait, of RADM B. W. Hogan, unveiling of 3:24
 Post-military program, career placement 2:20
 Postoperative bathing, early 2:17
 Powder, elimination of in operating room 9:12
 Pregnancy, complications of, rubella as cause of 6:5
 Prep School, dental standards for 5:28, 9:25
 Promotion (Reserve)
 officer hump problem (Part I) 7:27
 (Part II) 8:32
 policy for officers revised 1:30
 policies for officers (Part I) 3:32
 (Part II) 4:33
 Propellant fuel, high energy, hazards of handling 3:39
 Prophylaxis, of tuberculosis, use of isoniazid in 2:36
 Proteins, of cerebrospinal fluid 8:5
 Psychiatric progress (1960), in study of alcoholism 5:6
 Psychologic factors, in space travel 12:32
 Public discussion, regulation for 9:24
 Publication, of reports, regulations for 9:24
 Pulp (dental), histologic effects of silver nitrate on 12:26
 Pulp, sensitivity and pain of topical corticosteroids in treatment of 11:24
 Purple K, for extinguishing fires 1:35
 Pyelonephritis, and the Urologist 11:4
- QUADRANT dentistry 4:36
 Quarantine, diseases requiring, incidence of (WHO) 2:37
 Quinacrine, in neoplastic effusions 8:16
- RABIES, and bats 5:39
 Radiation
 in medicine, judicious use of 8:17
 therapy with, common misconceptions in 8:10
 Radioactive vapors, control of 9:39
 Radiobiology Research Institute, board of governors nominated 10:17
 Records, dental, disposal of 7:23
 Regional Hospitals, U.S. Navy 1:19
 Renal disease, role of urologist in diagnosis and surgical treatment of 1:9
 Repair contract, for dental handpieces 7:25
 Research, dental, in USSR 10:25
 Research reports, listing 1:25, 2:21, 5:24, 8:22
 Reserve, Naval
- ACDUTRA
 amphibious medical indoctrination (Little Creek) 12:29
 (San Diego) 12:30
 disease vector control 12:30
 disease vector and economic pest prevention and control 12:30
 field medicine 12:31
 medical department orientation 11:30
 military medical training 1:32, 11:29
 military nursing symposium 11:31
 for non-drill pay officers 3:33
 NS Naval justice 12:31
 on-the-job training, field medicine 11:31
 hospital corps 12:31
 MSTS Ships 12:31
 officer 11:30
 submarine medicine 11:30
 orientation to field medicine practices 12:31
 recognition and treatment of diving casualties 11:31
 research reserve seminars 12:31
 seminars for COs 11:29
 submarine medicine 5:32

- AcDuTra (continued)
 tissue bank training 2:32, 11:30
 vacation training for Ensigns 1915 USNR 6:29
 eligibility for tax deductions 6:29
 information for Reservists 5:33
 participation requirements for 9:28
 physical examination requirements 5:31
 promotion
 officer hump problem (Part I) 7:27
 (Part II) 8:32
 policy for officers revised 1:30
 policies for officers (Part I) 3:32
 (Part II) 4:33
 questions and answers 9:28, 10:28
 retirement points, for attendance at AOA and AMA
 meetings 10:30
 seminar, for CO's of medical companies 3:33
 terminology of 2:29
 Resin material (dental), cracks in, causes of 10:24
 Restorations (dental), cervical amalgam, failure of 7:22
 Restorative materials (dental), adaptation of 2:25
 Resuscitation
 cardiac, closed chest 12:3
 newer methods in 12:35
 in dental office 8:27
 newer methods in 12:35
 respiratory, newer methods in 12:35
 Resuscitator cart, portable 12:28
 Retirement, longevity following 11:18
 Roentgenography
 in diagnosis of asbestosis 11:40
 and upper gastrointestinal bleeding 5:11
 Roentgen-ray, therapy with, common misconceptions in 8:10
 Root planing, subgingival 1:27
 Rotation room, observations on human subjects living in 4:25
 Rubber base impressions (dental), stability of 1:26
 Rubella
 and congenital heart disease 10:15
 effects during pregnancy 6:5
 Russian Medical-Scientific Society of Stomatology 11:26
 Ryan, Daniel W. RADM DC USN, retirement of 1:29
- SAFETY practices, in driving 8:19
 Sanitation, hospital, bacteriologic factors in 10:31
 Sanitary Science Course 12:19
 Scandinavian method of treating barbiturate poisoning 12:9
 School vision testing 1:12
 Secretion, gastric, effects of stress on 1:6
 Sera, role of in pathogenesis of multiple sclerosis 5:16
 SHAPE Medical Conference, Surgeon General attends 10:18
 Shigella, causing gastroenteritis, water-borne epidemic of 2:39
 Shock, relation of blood volume to, determined by
 experimental hemorrhage 7:14
 Shoulder girdle, vascular compression at 6:13
 Silver nitrate, histologic effects of on adult pulps 12:26
 Sinuses, infection of, fact or fancy 12:16
 Skin
 cancer of, sunlight as factor in 11:39
 sensitivity of, to chrome, factor in cement and oil
 dermatitis 11:39
 tanning, use of dihydroxyacetone in 8:3
 Slide lecture (dental), occlusal equilibration of complete
 dentures 2:28
 Slide sets, on dental and oral pathology (AFIP) 4:40
 Slide study set (non-neoplastic oral lesions) 7:24
 Slips and falls, high cost of 9:38
 Smoking, effects of on disease 2:3
 Soil, constituents of in New Zealand, relation to dental caries 12:25
 Soils, hazardous, removal of 9:36
 Space travel, psychologic factors in 12:32
 Spleen, trauma to 12:6
 Standards, dental, for women and Prep School 9:25
 Staphylococcal infection, postsurgical 2:40
 Staphylococcus pyogenes, effect of desiccation of 2:34
 Star Program, provisions of 8:30
 Stomach
 acute dilatation of 10:4
 secretions of, effects of stress on 1:6
 Straight back syndrome 12:14
 Streptococci, resistance of, to tetracycline 5:40
 Stress
 effects of on gastric secretion 1:6
 from heat, control measures for reduction of 11:37
 Stroke, heat, physiologic changes in 9:3
 Subgingival root planing 1:27
 Submarine medicine class, quota vacancies in 7:31
 Sunglasses, aviation 12:35
 Sunlight, a factor in aging and skin cancer 11:39
 Surgeon General attends SHAPE meeting 10:18
 Surgeon General's report, on trip to Africa 3:18

 occlusal equilibration of complete dentures, slide
 lecture 2:28
 oral pathology, AFIP course 4:39
 in suturing, new technic for training corpsmen 12:21
 seminars & symposiums, Armed Services Orthopedic 11:20

Training (continued)

- seminars and symposiums, military symposium—AMA Ann Meeting 10:30
 - military symposium at Amer Pharm Assn Convention 7:29
 - military program—AmOptomAssoc Congress 10:30
 - NC at NLN Convention 4:36
 - obstetrics and gynecology, AF 12:19
 - urological (Kimbrough) 9:18
 - submarine, physical examination prior to 7:30
 - submarine medicine 7:31
- Trampolines, neurologic injuries from 7:39
- Trauma, to spleen 12:6
- Trays, mess, washing of 5:38
- Treponema pallidum, tests for in diagnosis of syphilis 2:35
- Trypanosomiasis (American) 5:34
- Tuberculosis, prophylaxis against using isoniazid 2:36
- Typhus, vaccine, precipitates in 7:38

ULCER

- decubitus, etiology of 11:7
- duodenal, genetic factors in etiology of 9:5
 - perforated 9:13
- peptic, physiology of 2:12
 - treatment of 3:5

Ulcerative colitis

- biologic and psychologic features of 9:7
- chronic arrested 4:16

Urine

- abnormalities of, from overuse of muscles 7:13
- Urological seminar, at Fort Sam Houston 9:18

Urologist

- expanding rôle of in diagnosis and surgical treatment of
 - renal disease 1:9
- and pyelonephritis 11:4

VACCINE

- poliomyelitis, made with live attenuated virus 6:17
- role of in pathogenesis of multiple sclerosis 5:16
- typhus, precipitates in 7:38
- Vapors, radioactive, control of 9:39
- Vascular compression, at the shoulder girdle 6:13
- Venereal disease, current look at 2:39
- Ventilation, in garage 9:40
- Ventricular hypertrophy, ECG findings in 2:9
- Viral infections, hepatitis, complications of 11:15
- Virus
 - arthropod-borne 5:40
 - of cat scratch disease 2:40
 - of mumps, and the central nervous system 7:7
- Vision testing, in the school 1:12

WAITING rooms, hospital, improvement of 4:38

- Warships, ecologic factors in 9:38
